“ Anita was my 'sister'. She wanted me to be her sister-in-law, but that didn't happen so we just 'adopted' one another. I think I was 10 years old when I first got to know her. The Maxson family and the Kelley family became friends when my oldest brother Neal started his first year at Sandia View Academy in 1955. When the Maxsons left SVA Anita and I kept in touch. If she didn't know where I was (and I was all over the US for a while) she would call my dad to find out where I was and what was going on. In 2002 Anita and I met at the SVA reunion for the first time since the Maxsons left SVA. We had a wonderful time - went into the pastors study during the church service and just visited. Then in 2008 we made a point of getting together again at the SVA reunion. It was the last time we saw one another. I will treasure that time until we meet again - over Jordan, as they say. Looking forward to that day. I miss her and her laugh and her happy spirit.

God bless you, her biological family. I hope we all have a glorious reunion one day soon.

“ Sorry in the loss of Anita Cox I met her once at a reunion and we had a good time. Can hardly wait to get on the other side and see her again!

Anita was a very special lady and friend . . . we weren't real close our senior year at SVA as I was only there the last half of the year and she lived in the village. But we got better acquainted at the SVA reunions and I enjoyed getting to know and appreciate what a jewel she was. She will be greatly missed and I look forward to being reunited with her in heaven . .

Anita and I were good friends for many years. We met at SVA and did a lot of things together. We kept in touch over the years. The last time I saw her at the SVA reunion in 2008. We picked her up at the airport, took her to the motel and had a great time that whole weekend. I miss her so much. She was such a lovely person and encouraged me a lot even though she had a lot of health problems herself. She didn't complain. She just kept going. May Jesus come soon, so we can see her again. I'm looking forward to that great reunion for our loved ones and friends.
