“ *Grandma was always a special person to me growing up. Especially since I grew up so close to her. I'll never forget the lazy beach days in Laguna Beach. We would fill Oscar (the cooler) with sandwiches, drinks and other various snacks to keep us kids energized to chase the sea gulls and okay in the waves. These are my favorite memories with her. In a way, my love for the ocean started with both my grandparents and for that, I am very thankful. Rest easy grandma. See you again someday. ❤️*
