“ *To Ms. Lent's family,  
I have 4 brothers and sisters myself and my fondest memories are with them as children under one roof (fights and all). As adults we all have our own priorities so I find it amazing that you are all able to be together in her final days. She left this world seeing her childhood siblings and adulthood life partners. May you always have a smile on your face in thought of those fondest memories in the days to come.*

“ To the friends and family of Betty Lent.

*I know that you have a lot of good memories of Betty and I hope that your lifetime of loving memories will fill your days and nights with solace and comfort.*

*Death may end a life, but NOT a relationship. Please know that the entire Hospice team is saddened by the loss of Betty and we considered it our privilege to have been able to be there in her last days to ease her pain and make her final days the best that they could be.*

*Our hospice bereavement team is there for you to help you on your Grief Journey and we have many resources that we can share, if you need them. I put together this memorial website to help you on your way to healing so you can recall those special memories that you shared together. Know that our bereavement staff is ready with resources and we are willing to listen when you need a caring voice to talk to.*

*Time heals....Love restores,*

*Thank you for your very meaningful message. It means so much to me. I was so pleased with the care and love the American Vet Hospice showed during a very trying time.*

“ I only had the privilege of knowing Betty for a very short period of time but I loved her smile. It's an absolute blessing to see the loving family that constantly surrounded her and showered her with love.
