*I'm so sorry to see of David's passing. I was a friend of his family in Prospect Park, Pa. when we were young. He was a really cute guy and I sorta had a crush on him at that time when I was in high school 😊..... then he moved to California. I loved his Mom. She was a special lady to me. She was friends with my mom. Last time I saw David was many years ago when my husband and kids were in California and we went to visit his mom and dad. They took us to David's house and it was beautiful! His parents were so proud of him. He was successful and that was so nice to see his success. I don't know what he died of but, I hope he didn't suffer. May he Rest in Peace. My sympathies to you, Patty and your family.

“ Dear Patty and the Olivieri family,

*Patty, I can barely imagine the grief that you and the family must be going through at this time. I not only wanted to give my condolences, but I wanted to make a special web page that could start to bring some healing to each of family and David's many friends.*

*Just know that each of the names that are signed on this Tribute Wall, and the messages written, are all penned in love. These words speak of the simple fact that David continues to live in the hearts of the many people he left behind.*

*It has been my experience that people heal much faster when they can come together and celebrate a life, and share their experiences and memories. I invite each one to share a special memory, condolence message, upload your favorite photos and movies. Feel free to explore the E-bereavement resources that are available to each one mourning the loss of David.*

*Someone has penned the words, "The greater the love, the greater the loss". David had a special love for his family and friends, and it is comforting to know that you will see those smiles and feel those hugs again.*

*Sincerely,*

*Chaplain Roger Rustad*
