“ *David Wadsworth family*

Each of the hospice staff would like to thank you for allowing us to be there and help you with your brother David during his last days, as he was a real hero and a proud Vietnam Veteran. I wanted to make this special webpage for him to depict in a small way the life that he lived, and he was an inspiration to everyone he met.

I made this memorial website to be a comfort to you and the family for a long time and know that David continues to live in the hearts of those that he left behind. Someone has penned the words, “The greater the love, the greater the loss” You can be comforted in knowing that you gave him the best possible care.

Just know that we are all here for you and wish healing from your loss.

Chaplain Roger Rustad
