“ Jerry and I played for a time in 1977-78(?) in an swing band. He even played a borrowed Gibson mandobass which he likened to being “a giant cockroach.”

*We re-connected 20 years later when I called Lemur Music, not knowing who I was speaking to.. I told him my name and he said, “I used to be in a band with a John Highkin, but he spelled his name differently.” We saw each other many times until I moved out of state in 2004.*

*Jerry was so welcoming and enjoyable, competent and inquisitive. I think of him every time I drive on the freeway from San Diego. I am honored to have known Jerry Buffa.*

“ IN THE EARLY 70'S I PLAYED IN A BAND WITH JERRY AND SOME GUYS FROM THE PALISADES. IT WAS GREAT FUN, AND I CAME TO REALLY LOOK FORWARD TO THE OPPORTUNITY OF WORKING WITH HIM.

*IT WAS ONLY RECENTLY I LEARNED OF HIS PASSING AND I AM VERY SADDENED AT THE NEWS.*

*PLEASE ACCEPT MY SINCERE CONDOLENCES AND HOPES FOR YOUR PEACE AT THIS DIFFICULT TIME.*
