

Martha N. Berry

October 21, 1932 - July 12, 2020

Martha Berry, a resident of Torrance, California went to be with her Lord on Sunday, July 12, 2020 at the age of 87. She passed peacefully from Alzheimer's disease with family by her side.

Martha Berry, born Marta Nuri Alvarez, was known for her dedication to education, for her energetic stories and quick wit, for her stubborn and sweet nature, and for her unending desire to use her own blessings to bless others. As a resident of Torrance for almost sixty years, it was common for Martha to be greeted by former students and thanked for the profound impact she had on their lives, and even today her grandchildren say they can barely get through an outing without meeting yet another person with a heartwarming story about her.

She was the daughter of Francisco Alvarez and Mercedes Olavarri, born October 21, 1932 in Havana, Cuba. Martha earned the equivalent of a PhD in Physics and Chemistry at the University of Havana at a time when under 2% of students were women. Martha continued her studies in the U.S., earning both a Master of Arts degree in Education from Pepperdine University and a Master of Science degree in Counseling and Guidance from California Lutheran College. She was later certified as an Alcohol and Drug Counselor. Martha was committed to her education throughout her life, with a long list of subsequent titles and certifications related to teaching and counseling.

With her chemistry training, Martha worked for the Bureau of Quality Standards at Villanueva University in Havana and later worked in cancer research at University of Southern California in the early 1960s. As her family began to grow, Martha decided to get her teaching credential and began work as a middle school science teacher for the Torrance Unified School District, where she worked for over 30 years. As her education progressed, Martha moved from Teacher to School Counselor and eventually to Special Education Program Specialist, serving the four Torrance high schools. With her boundless energy and impeccable work ethic, Martha also was known to teach Adult School Spanish classes, serve as Girl Scout leader, and even spent several summers in the 1980s hosting small tour groups to Mexico City and Acapulco, teaching the rich history of Mexico in her inimitable way, full of rich tales, wonderful humor, and her characteristic Cuban accent.

As a parent, Martha was devoted to her three daughters, committed to her career and to her home, yet always wishing she could give even more. She was the first to volunteer and chaperone with school activities and extracurricular events. She learned to navigate girl scout camping and badge work. She could just as easily assist with science fair and art fair projects as she could sew homemade matching outfits for her girls, eventually creating prom dresses and even wedding dressings. This dedication continued into the subsequent generations. Her energy to invest herself in the lives of others—family and students alike—was a defining personality trait for Martha.

Martha was preceded in death by the love of her life, Dr. Charles Berry, and her first-born daughter, Patricia Berry. She is survived by her daughters, Eileen Stevens and Dianne Reyes; her grandchildren, Adriana (Reyes) Suyama, Sarah (Stevens) Gomez, Eric Stevens, Christine Reyes, and Jesse Reyes; and her great-grandchildren, Jayden, Eli, IslaLou, and CharlieAnne Suyama, and Olivia and Logan Gomez. All of us were privileged to be loved

by her.

In lieu of flowers, the family is requesting that donations be sent to [MercyShips.org](https://www.MercyShips.org) or [OperationSmile.org](https://www.OperationSmile.org).

Please share any memories you have of this wonderful woman who was a loving and generous mother, aunt, grandmother, great-grandmother, advocate, and friend to so many.

“*Martha made me laugh. The two of us were always laughing together. In the TUSD we worked on helping special education students succeed. Martha was so caring, and so passionate, and would often get so excited, and talk so rapidly, that others would have difficulty understanding what she said. I'd say: "Martha, slow down, no one knows what you said". She'd laugh. I'd laugh. Then, she would begin again. She was always focused on the student, and she always cared. Her daughters will have wonderful memories of a loving family.*

I was so privileged to know Martha through Torrance unified school District as a special ed program specialist. When I went to get my teaching credential and masters degree she was one of my last teachers who taught special ed and the law and she was so delightful and knew absolutely everything there was on the topic, besides that she was just so wonderful to be with, so warm, so generous so lovely, always dressed so beautifully. I will never be another Martha Berry and her life story is such an inspiration. Condolences to her family as I know they will miss her terribly.

“ Martha and I worked together at Hull Middle School in the 1980s. She as a counselor, me teaching 6th grade. While there I was working on my Masters Degree and PPS Credential. Martha needed a surgical procedure at that same time and was to be out of action for a few weeks. She asked me if I might be able to cover the counseling office in her absence. I agreed and it was a very good experience for me.

I greatly appreciated Martha's gift shared with students and staff alike. She had humor, style and grace aplenty. She helped me to become a better counselor.

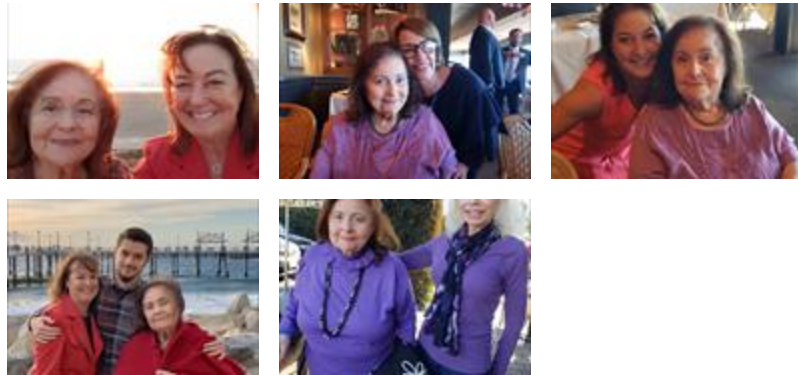

I also took a Spanish class through TUSD Adult Ed. Silly me, I thought it would be fun! Instead Martha, using current thinking in teaching a language, spoke to all of us only in Spanish. My personal learning curve disallowed me to enjoy that option and within a short time I dropped out. Sad for me. She knew what she was doing and had I persevered might have learned a second language.

Martha was a great lady. I miss her already.

“Patty and I went to school together back in the day; when I returned to TUSD in 1995 as an administrator, I was at a meeting with Martha. She heard my last name (VanderLeest) and immediately exclaimed, "Oh! How are you?!?" It was such a joy to be connected again to her. A lovely, caring, kind, but fiercely determined woman who used charm, intellect, and her genuine love of people to make HUGE differences in people's lives. A true (short) GIANT of a woman. God bless you all; so sorry for your loss.

I remember this vivacious, stylish, happy, friendly lady especially during the passing of the peace greeting during worship on Sunday mornings. We all left our seats to reach out to others, and she practically danced down the center aisle from the front to the back of the sanctuary greeting everyone along the way. - Nancy Knapp

“ *I am so sorry to hear of the passing of your mother. Martha and I worked together when I was Principal of J. H. Hull Middle school in the 80's. I truly enjoyed working with Martha, her professionalism, warmth, caring, and sense of humor was always very evident. We shared lots of conversations and laughter regarding our work together and her life outside of the school community. Wonderful memories and what a wonderful lady!*

“ I am so very sorry for your loss. Your mom is truly one of my favorite people that I ever worked with in Torrance. She was my very first program specialist when I starting in Torrance Unified. I was so scared of her at first :) I learned so very much from her. It was a nice reunion years later when she was my professor at CSUDH for my special ed law class. My condolences to your family at this time. She is such a great lady XOXOXO Shannon Gaunt

Shannon Gaunt - July 28, 2020 at 02:06 PM

Hi Shannon, thanks for the kind comments...I too took Sped Law from Martha...it was fun being in her class again (I was in the 7th grade also for science. She was my inspiration for becoming a special education teacher, a decision I do not regret to this day.

“ *Jim and I had fond memories of her requesting to play old hymns for her at church. (Jim lead worship). She got a kick when we dedicated the worship music to her and played the hymns she requested. She said to Jim, “I was scared of you when I first met you, because you were a big guy. Now I like you a lot. ❤️ You’re such a nice man.” Such good memories.*

Martha was one of our beloved saints here at St. Mark's Presbyterian Church of Lomita. She brought an infectious smile every Sunday and was the embodiment of unconditional welcome and made every visitor feel like family. She was a blessing to this congregation.

Every once in a while someone very special comes into your life and that person for me was Martha. I was a Special Education Teacher at South High and she was the Program Specialist for high schools. Special Education can have its moments of joy and also of frustration, however, when Martha was there we overcame the frustrations and just laughed. It's a real gift to make people laugh and that's what she did. I will forever be grateful to her for making my life happier. My sincere blessings to you all.
