“ To the Richard Markee Family,

Each of the staff from Angels Hospice team would like to thank you for allowing us to be there and help you and Robert during this sad time in your life. It is my pleasure to be able to be able to minister to your grandfather during his last days and he was a real hero and a proud Marine.

I wanted to make this special webpage for him to depict in a small way the wonderful life that he lived, and he was an inspiration to everyone he met. I will never forget the day that I gave him his dog tags from WW2 and the smile that he gave me and proudly wore them.

I made this memorial website to be a comfort to you and the family for a long time and know that Robert continues to live in the hearts of those that he left behind. Someone has penned the words, “The greater the love, the greater the loss” and Robert left a good example for you to follow as he was truly one of the last of the “Greatest Generation”.

Just know that we are all here for you and wish healing from your loss.
