“ My father passed away last April and I contacted RJ's company to make arrangements for a private scattering of ashes as well as military honors. Though I phoned on a Saturday, Sylvia was gracious to help me as RJ was hospitalized. RJ phoned me several times, so gracious and kind and helped me navigate the military honors (especially after someone from the military phoned me and said there is no record of my father's service). Due to Sylvia's perservance I was able to get the record and we did have a great military tribute and scattering of ashes on the gorgeous CA coastline in June. RJ was so kind and helpful - what a loss for Sylvia and the family and whomever knew him.

“ I am so shocked! I was looking for the cremation company that RJ worked with in Laguna Hills. I wanted to contact him and give his name out to a friend. While I did not see his contact on their website, I decided to google his name and hoped to find his phone number. What a shock when I saw his name and obituary. I was hoping that it was someone else.

RJ was such a sweet man. I had the pleasure of doing business with him when I still owned my flower business. I remember all of his work with the VAs. He had a big heart.

I'm sure God is very happy to have him in his presence. What an awesome man.

My sincerest sympathies to his family. It is a great loss and I feel very privileged to have known him.

“ Allow me to first, express my heart felt condolences. All though I met Mr. Ferro once in person, and have several conversations with him on the phone. My initial impression was memorable. His energy was really inviting, very pleasant, and authentic. I can recall during our first encounter, how full of joy, and his inner light radiated. He made himself transparent and I immediate had such respect and admiration for him. I was amazed by his brief life story and I appreciated his time in US Air-force. I thanked him for serving our country and was truly looking forward establishing a business rapport with him. His mission for his business was just phenomenal and I knew we would enjoy a great friendship. He is now on his spiritual journey. And he left this world with a great impression. Much light, peace, and fulfillment to his soul. May his memories brings smiles, comfort and love.

“ I have worked very closely with RJ for the past few years and always considered him a true gentleman, patriot and friend. His heart was dedicated to caring for others and his devotion to his friends, acquaintances and customers was never ending. I remember times when he and I met to do in service training for hospices, when we took families to sea for scattering of their loved ones' cremains, when he would come to my office to pick up cremains for scattering. He always had a smile on his face and kindness in his voice. RJ was rare, in that, you don't find many with his devotion and desire to serve others. His pride of being in the US Armed Forces shined through in his respect for the flag and for fellow veterans. He was tender hearted and I've seen tears form in his eyes when dealing with particularly sad circumstances...he felt what the families were feeling. His professional relationships were varied and many, and every colleague respected him for his honesty, his trustworthiness and his calm composure. There are others in this world as good as RJ, but none better. He was truly an incredible human being and my life was enriched by having him share it with me. From this day on, I won't think of RJ without seeing him point his right finger at me and, with a twinkle in his eye and a smile on his face, saying "Have some fun" Rest in peace, my dear friend.

“ When I lost my partner of 25 years the family didn't inform me when his ashes were scattered or the location of the business in which they used to do the scattering..

They were grieving in their way which didn't include me and I was very empty and at a loss for words. I prayed everyday that I would have the closure I needed in order to also grieve and move on..

Through the grace of GOD my daughter had informed me about R J and his willingness to assist me in my grieving process by taking me out to where his remains were scattered.. It was R J who had taken his remains and was aware of the family's position and their wishes.. R J was very kind and understanding to make

arraignments to take me out to the same place where he scattered his ashes.. If it wasn't for his kindness I would not have the closure that all family and loved get when their loved ones pass.. I am

greatful for this and thank him!! As time went on I got to know R J and also prayed for his son when he needed prayers himself.. I also prayed for R J himself when he had been hospitalized ..

Unfortunately R J passed and I now grieve for him and feel very sorry for his family's loss.. In the short time I got to know him I know his family lost a wonderful and special person ..I thank GOD for him and know he'll be in GOD'S loving arms may he rest in peace ..

“ I only knew RJ for two years and I thought we had much in common. But then I figured out that he made it seem that way. He had a well-intentioned concern for others, and I've learned from that.
