“ To the Robert Llamas Family

It is hard to know of the grief that you must be going through at this time. I not only wanted to give my condolences to each family member, but I wanted to make a special web page that could start to bring some healing to each of Robert's family and his many many friends.

Robert will still remain in our hearts forever and hopefully this memorial website will help start many people on the path to healing. Just know that each of the names that are signed on this Tribute Wall, and the messages written, are all penned in love. These words speak of the simple fact that Robert continues to live in the hearts of the many people and family he left behind.

It has been my experience that people heal much faster when they can come together and celebrate a life, and share their experiences and memories. I invite you to share a special memory, condolence message, upload your favorite photos and movies.

Feel free to explore the E-bereavement resources that are available to each one who is mourning.

Someone has penned the words, "The greater the love, the greater the loss". Eugene had a special love for his family and friends and it is comforting to know that you will see those smiles and feel those hugs again.

It was our privilege to be there and help Robert in his last days and make things easier for the whole family.

Sincerely,

*Chaplain Roger Rustad
