Tribute Wall

RR

“ To each of the Scotty Smith Family members,

I can barely imagine the grief that you must be going through at this time. I not only wanted to give my condolences but I wanted to make a special web page that could start to bring some healing to each of the Smith family and Scotty's many friends.

Scotty was not only a great warrior for our country, but a great warrior for God, and I will always remember the final prayer we had together with the family around his bedside, just before he passed away. I was glad that I could bring him a new set of his lost military dog tags, from his service in Vietnam and as I gave him his dog tags, and thanked him for his service, he was able to say his final words, "you're welcome". He had some major health issues after suffering from Agent Orange in Vietnam, but he bravely continued on the best he could.

The team members from St. Bernardine hospice wish to thank you for allowing us to provide service to him in his last days and he will still remain in our hearts forever and hopefully this special website will help start many people on the path to healing. Just know that each of the names that are signed on this Tribute Wall, and the messages written are all penned in love. These words speak of the simple fact that Scotty continues to live in the hearts of those he left behind.

It has been my experience that people heal much faster when they can come together and celebrate a life, and share their experiences and memories.

I invite you to share a special memory, condolence message, upload your favorite photos and movies. Feel free to explore the E-bereavement resources that are available to each one mourning Scotty.

Someone has penned the words, "The greater the love, the greater

the loss". Scotty had a special love for his family and friends and it is comforting to know that you will see those smiles and feel those hugs again.

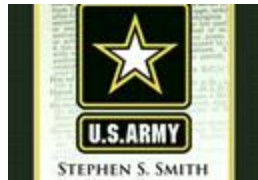

Sincerely,

Chaplain Roger Rustad
