“ Rest in peace Mr. Monday. Thank you for your service to our country. To your family, may your memories comfort and keep you through the difficult times. Although we were not able to provide the bedside salute we had planned, it was a privilege to serve your dad and brother.

Sincerely,
Jamie Slade

“ Bill was my brother-in-law and the best thing to happen to my sister and family. He was such a nice and gentle man. May all of you be comforted and blessed knowing he's in no more pain.

“ I remember the good visits we had when he visited Leann in Missouri. We spent several holidays together. He will be missed by all our family members.
