“ *To the Rednour Family,*

*A mother's guiding hand sits on the shoulder of her children and the loss of a mother is such a great loss that can't be filled by anyone else. Your mother was a very intelligent lady who always inspired everyone.*

*It was such a privilege to meet with some of the family, have a final prayer, and see what a fine job she did in raising her children, and taking care of the whole family while your dad was in the Navy and had gone for extended periods.*

*May your mom rest in peace, and I know that she will be terribly missed by everyone who knew her. Please send our sympathies to your entire family.*
